

Job Title: ClimateTech Investment Analyst

Location: Luxembourg, with satellite offices in Frankfurt, Munich and Singapore

Cycle Group, a leading venture capital investment house, focused on energy and Climate related Technology investments, is seeking a talented and experienced Investment Analyst to join our growing team in Luxembourg with satellite offices in Frankfurt, Munich and Singapore. We invest in innovative companies and technologies mainly in energy or manufacturing related topics that aim to create a sustainable future for our planet. If you are passionate about making a positive impact on the environment and have a strong technical understanding and experience either in the financial, venture or energy industry, we would like to hear from you.

Responsibilities:

- Conduct thorough market research and analysis to identify potential investment opportunities in the ClimateTech sector.
- Perform financial analysis, valuation, and due diligence on prospective investments.
- Develop and maintain financial models for portfolio companies and track their performance.
- Prepare investment memos, presentations, and reports for internal and external stakeholders.
- Monitor industry trends, competitive landscape, and regulatory changes to inform investment strategy.
- Collaborate closely with the investment team and portfolio companies to drive value creation and support the growth of ClimateTech businesses.
- Support the Managing Partners in fulfilling board duties.
- Attend industry events and conferences to stay current on the latest developments in the ClimateTech sector and build relationships with entrepreneurs, co-investors, and partners.

Requirements:

- Bachelor's degree or higher in Finance, Economics, Engineering, or (!) a related field.
- A minimum of 3 years of experience in venture capital, private equity, energy or advanced engineering ventures, consulting, or a similar role in the financial or technology industries.
- Strong technical understanding of ClimateTech technologies and markets (i.e. advanced).
- Proficient in financial modelling, valuation, and analysis.
- Excellent analytical, problem-solving, and decision-making skills.
- Strong written and verbal communication skills, with the ability to present complex information clearly and concisely.
- Detail-oriented with a strong commitment to accuracy and quality.
- Ability to work independently and as part of a team in a fast-paced and dynamic environment.
- Fluency in English and additional other European or Asian language is required; additional language skills are a plus.

What We Offer:

- A competitive salary and benefits package, including performance-based bonuses and equity participation.
- Opportunity to work in a rapidly growing venture capital fund with a focus on investments that contribute to a sustainable future.
- Exposure to cutting-edge ClimateTech technologies and innovative companies.
- Exposure to leading entrepreneurs and investors.
- The possibility to develop your personal profile i.e. as investor or future founder.
- A collaborative work environment where you can develop your skills and grow professionally.

To Apply:

Please submit your CV, cover letter, and any relevant supporting materials to ✉ apply@cycle-group.com with the subject line "ClimateTech Investment Analyst Application." We thank all applicants for their interest; however, only those selected for an interview will be contacted.

Cycle is an equal opportunity employer and encourages applications from candidates with diverse backgrounds.
